

Kathryn Lissack, Graphic Designer

An accomplished graphic designer, Kathryn brings over fifteen years of experience in visual communications to the exhibit environment. She approaches her work with a deep appreciation of how thoughtfully designed exhibits can immerse visitors in a new experience, transporting them to another environment and ultimately enabling them to see the world with new eyes. On each project, Kathryn begins with a comprehensive understanding of the overall design approach and translates it into a strong graphic program. She excels both at thinking conceptually and in carrying a concept through to detailed design.
