Osoyoos, BC

A Rich Desert Culture

The Osoyoos Indian Band has an ancient and sustaining relationship with the Nk'Mip Desert. Their culture, traditions and innovative approaches to conserving this precious habitat are celebrated at the Nk'mip Desert Cultural Centre.

APA collaborated with the Band to design dynamic exhibits, multimedia presentations and nature-based experiences that reflect their resiliency, innovations and achievements. Visitors are engaged with artifact displays, digital interactives, hands-on experiences, live performances and mobile exhibits, guiding them as they explore the lands, legends and people of Canada's only desert.
