

Brent Dutton

Exhibit Designer

Brent is particularly interested in the potential for design to inspire a deeper engagement with the world. Whether working in two or three dimensions, he approaches his work as a problem-solving process that uses materials, form and colour to engage, provide insight or make the complex understandable. He excels at creating a visual approach that is accessible, cohesive and informative while respecting each project's identity, essence and message.

Education

Cinema Program, Department of Fine Arts,
Concordia University, Montreal

Bachelor of Industrial Design, School of Industrial Design,
Carleton University, Ottawa
