

# Xunaa Heritage Cultural Center

Hoonah, AK

## Engaging Culture, Traditions, and Community

Xunaa Tlingit Cultural Heritage Center will be a catalyst for inspiring and sharing the living, evolving Xunaa Tlingit culture. The exhibitions will embody a reflection of Xunaa cultural values, beliefs and traditions, in a place-based approach.

APA worked with the Hoonah Indian Association to develop a Schematic Design based on the foundation *We are Xunaa Tlingit*. This concept embodies four core values: the recognition of spirit, balance in all things, connection to place and ties between ancestors and descendents. Visitors will encounter meaningful cultural objects and immersive environments in an investigation of what it means to be Xunaa Tlingit in a changeable and evolving homeland.
